

Living in the Wider World

Belonging to a Community	Media Literacy and Digital Resilience	Money and Work
• The importance of having and showing compassion towards others. • We all have shared responsibilities for caring for other people and living things. • How we show care and concern for others. • To identify the different groups within a community (e.g. children, the elderly, different faith groups) and what living in a community means.	• We will explore the different ways information and data is shared and used online, including commercial purposes (for money). • We will discover that everything shared online leaves a digital footprint and how connected devices share information. • We will explore online adverts and compare content shared for factual purposes and for advertising. • We will explore why people might choose to buy or not buy something online e.g. from seeing an advert • That search results are ordered based on the popularity of the website and that this can affect what information people access.	• People make different spending decisions based on their budget, values and needs. • How we can keep track of money and why it is important to know how much is being spent • About different ways to pay for things such as cash, cards, e-payment and the reasons for using them • That how people spend money can have positive or negative effects on others e.g. charities, single use plastics
