

Make a chain

This set of cards forms a loop enabling you to start anywhere.

Spread all of the cards face up on the table.

Start with any card and make it the start of your chain.

E.g. You chose

16
10×9

Now find the next card that has the answer to the question 10×9 and place it alongside the first card making a chain as you go.

16
10×9
90
3×6

Continue until you have used all of the cards.

What not time yourself and see if you can do it quicker next time?
